Mayor**

**CHICAGO LANDMARK AWARD
FOR
PRESERVATION EXCELLENCE**

July 2002

***Brooks Building
233 W. Jackson***

A diligently phased rehabilitation included the cleaning and repair of this building's dramatic terra cotta exterior and storefront replacement to a more historically appropriate design. The project illustrates how smaller projects when planned ahead of time can add up to a major visual impact. The Brooks Building was designated a Chicago Landmark on January 14, 1997.
